📍 **Borisov, Minsk Region, Republic of Belarus. Ready for possible relocation**

SUMMARY

I'm looking for a job or internship as a Junior/Trainee Frontend Developer. Currently, I don't have commercial development experience, but I have some Pet-projects (you can check them on my GitHub). I completed long-term software development courses, and have good basic software development knowledge. I'm programming with confidence, learning new technologies easily and with interest, and very passionate about software development.

EDUCATION

Doctor

Belarussian State Medical University

09/2010 - 06/2016

Software development

STEP IT Academy (Minsk, Belarus)

09/2019 - 06/2022

EXPERIENCE

Hygienist doctor

Borisov zonal center of hygiene and epidemiology

📅 08/2016 - 12/2020   📍 Borisov

PROJECTS

SakuraSNS Project (Facebook clone)

📅 03/2022 - 07/2022   📍 Borisov

Developed the SakuraSNS Project social network on my own using MERN technology stack (MongoDB, Express, ReactJS, Node.js) during the implementation of my diploma project:

- Client part: https://github.com/TsubasaKatakiri/SakuraSNS-Client
  Server part: https://github.com/TsubasaKatakiri/SakuraSNS-Server
